

# 13<sup>TH</sup> ANNUAL STANFORD UNDERGRADUATE PSYCHOLOGY CONFERENCE

MAY 17<sup>TH</sup>-18<sup>TH</sup>, 2013  
JORDAN HALL, STANFORD UNIVERSITY

## CALL FOR ABSTRACTS

DUE MARCH 24<sup>TH</sup>, 2013

[www.stanfordconference.org](http://www.stanfordconference.org)

Sponsored in part by the Department of Psychology and the School of Humanities and Sciences at Stanford University, SUPC is a showcase for high-quality undergraduate research. We seek students who have performed such research and are excited about discussing their work with other students and psychologists.

## KEYNOTE SPEAKER: DR. LEE ROSS

Dr. Lee Ross teaches several courses that include areas of social psychology such as bargaining, negotiation, and public policy.

His research focuses on biases in human inference, judgment, and decision making. In particular, it is centered on the cognitive, perceptual, and motivational biases that cause people to misinterpret each other's behavior and create certain barriers to dispute resolution and the implementation of peace agreements.
